Opening Study Guides

One PDF per opening family. Each guide has: summary and key ideas, the main line explained move by move, key variations with Stockfish evaluations, an expert/coach page, the full visual opening tree and a one-page memory sheet.

42_London_System.pdf	London System	A48-D02	4	d4 systems (London, Colle, Torre, Trompowsky)

How to study with these guides

1. Read page 1 (key ideas + five questions) and answer the questions from memory.
2. Walk through the explained main line and say why each move is played.
3. Learn two key variations; use the Opening Lab app Drill mode to test yourself.
4. Use the tree to see where transpositions and sidelines branch.
5. Finish with the memory sheet before every game.
